

Nene Park Trust Environmental Policy

Background

Nene Park Trust is a registered charity, and its work continues to be based on the original aim: *'To provide for the recreation of the public by the provision of a park for the benefit of the inhabitants of Peterborough and visitors with the object of improving the conditions of life for such persons'*.

The Trust recognises that all organisations impact on the environment in a variety of different ways. As such we are committed to the continual improvement of our environmental performance in relation to our services and operations, and contributing towards Peterborough's Environment Capital aspirations. To find out more about Peterborough's Environment Capital aspirations follow the link to the Peterborough Environment City Trust website www.pect.org.uk. To help achieve this, the Trust is working towards Investors in the Environment Green accreditation. For further information on Investors in the Environment please follow the link to the iE website <https://www.iie.uk.com>

Key Impacts

We have identified the following key environmental impacts associated with the management of Nene Park:

- Consumption of energy, water and materials
- Waste disposal
- Land management for biodiversity

Key Objectives

We are committed to working with our staff, customers, suppliers, contractors and partners to achieve the following objectives, without entailing unreasonable additional cost:

- Meet and, where appropriate, exceed all relevant environmental regulations
- Systematically assess all aspects of our operations, including life-cycle and carbon footprint analysis
- Reduce our consumption of energy, water and raw materials
- Purchase environmentally-friendly products where appropriate
- Reduce, reuse and recycle waste
- Manage the landscape to maximise biodiversity
- Reduce pollution both locally and in the wider environment
- Preferentially use suppliers who themselves have an environment policy
- Produce an Environmental Action Plan with targets for measurable annual

improvements

Nene Park is committed to reducing these and other impacts and to the continual improvement of our environmental performance. To help achieve this, Nene Park Trust is working towards Investors in the Environment (iE) Green accreditation.

This Environmental Policy will be reviewed annually as part of the Environmental Action Plan. This policy is available to all staff. As part of the induction process all new staff will be made aware of the Environmental Policy including actions on resource management.

The introduction and implementation of this policy is a commitment of Nene Park Trust management and a shared responsibility with our employees to fully support this policy through active participation and co-operation. We intend to make our progress available for independent assessment.

Approved by Chief Executive and Board: 1st May 2018

NPT Appointed Environmental Champion: Chris Park, Project Development Officer (Environment)
